biEXPORT FOR SAP DESIGN STUDIO

mehr als bloßes Drucken!

export
still matters!

even in the paperless office

we have export scenarios,

which will stay necessary in the future

store snapshots

comfortable Excel export for Information Consumers

analysis documentation

briefing Books

documents for external communication

management presentations

scheduled mailing

digital signatures for project reporting

manual selection of export views

automatic publishing
of different selections / views

10 years experience
in expoting SAP data:

there is not «one solution» – exports must be flexible & customizable to the details!

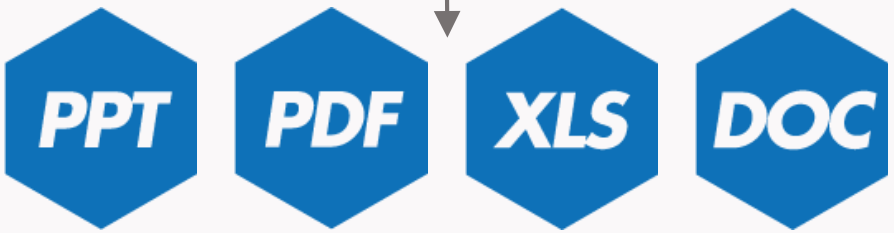
two solutions for all cases

biExport

Export of prepared visualizations
directly from the application
with just one click

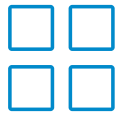
biAnalytics Office

Comfortable & flexible
integration of data
from heterogeneous sources



it’s time for the perfect export!
with biExport

maximum
quality
individualisation
flexibility



toolset
from
straight-forward
to complex

open
platform for exports
from many
applications

online export (live demo)

our customers’ voices

"The BI Excellence Export Add-on, enables us exporting data from Design Studio application in a wide variety of formats and in a formatted design."

- Coca Cola, Israel

"Great and powerful export component! The bi excellence DS Export Toolset brings all the export functionality missing to Design Studio. High-Quality Export, PowerPoint Export, Multiple reports calls with a smart interface. End-User experience and feedback from our business users is great. Scaling, Performance und Quality is unmatched by any other solution."

- Airline Industries, Hamburg

„SAP BusinessObjects Design Studio in combination with the add-ons of graphomate and bi excellence, allow me to build magnificent reporting applications for my customers within just a few days. Using the graphomate add-ons I format graphs and tables following the standards of IBCS. Using the bi excellence add-ons I receive perfect exports to PDF, Word, PowerPoint, and even to Excel tables for to perform additional calculations."

Uwe Brück, author of the best-selling „Praxishandbuch SAP-Controlling“
